

## **Bundle up this winter and experience the amazing scenery, wildlife and history of Jackson Hole with Teton County/Jackson Parks and Recreation and local non-profit partners!**

Join Teton County / Jackson Parks and Recreation and local non-profit partners on a guided cross-country ski tour in Grand Teton National Park! Tours are fun, informative outings with the days program led by local non-profit staff in their area of expertise.

Tours are not strenuous but do require basic cross-country ski skills! We will travel at a pace comfortable for the group and participants are expected to remain with the group for the duration of the program. All programs begin and finish at the Recreation Center, transportation is provided. Distances and difficulty vary, see listings below.

Participants must provide their own skis. Skinny Skis has generously offered 50% off rental skis for participants of these programs. Be sure to arrange any rentals ahead of time by contacting Skinny Skis directly.

Program Fee: Adults \$30, Children (minimum age 10) \$15
